Collaborative Aviation Construction Group

**CANCELED**

Construction & Vendor Outreach Event

MEET THE AUSTIN GILBANE JOINT VENTURE JV, AND LEARN ABOUT OPPORTUNITIES FOR UPCOMING CAPITAL PROJECTS AND OPERATIONS AT THE HOUSTON AIRPORT SYSTEM.

*A great opportunity for contractors, subcontractors, and M/WBE firms to meet the project team and potential partners.*

**CANCELED**

The Austin Gilbane JV project is a part of the Mickey Leland International Terminal and is located on the Houston Airport System International Terminal Redevelopment Program (ITRP), a \$307M investment that includes an International Pier Terminal and the Renovation of the existing Terminal D.

Thursday, March 19, 2020 | 1:00 p.m. - 3:00 p.m.

**CANCELED**

11 Standiford Street, Houston, TX 77339  
Auditorium 8-2

**At Austin Gilbane, the safety and health of our contractors, staff and colleagues is our #1 priority! At this point, in order to responsibly honor the guidelines suggested by public health officials regarding measures to be taken to address the risks of exposure to the novel coronavirus (COVID-19), we have chosen to reschedule our Construction Vendor Outreach event planned for March 19, 2020.**

**The objective of the event was to share information and generate interest on our upcoming bid opportunities associated with the Mickey Leyland International Terminal (MLIT) project for the Houston Airport System. The team remains focused on the procurement activities necessary to maintain positive progress on the project and will, if necessary provide information to the community via virtual or digital means. Stay tuned for more on that by visiting <http://www.austingilbane.com/events.html> and by checking your email for updates.**

**We will return to a traditional outreach approach once government health organizations deem the situation safe to do so. In the interim, we ask for your cooperation and understanding concerning this matter.**

**Respectfully,**

**Austin Gilbane Joint Venture**
